

2017 ANNUAL REPORT

THE PH8  FOUNDATION

PH8 OVERVIEW

POINTS OF DISCUSSION

- Opening Statement
- Our Mission
- Summary
- Financial Report
- Areas we worked in
- Awesome Friends
- Thank you!

THE PH8 FOUNDATION

The PH8 Foundation is excited to share this year's expansion, from last year partnering up with trusted contractors in Ghana & Uganda to now strategically establishing partners with Water for Cambodia (WFC) to extend aid in Cambodia.

Together, we visited four villages, Duontro, Otrabrak, Preah Angtrong, and Kuok Pnao. We delivered over 350 BioSand filters after collecting water samples, conducting water tests, and physically building BioSand filters but most importantly educating the community.

We also partnered with Future Children of Khmer (FKC) in Cambodia. FKC is a school that provides free education and primary health care education to children. We provided the entire school a clean water filtration system.

2017 has been exciting!!

Thank you for your continuous support.

OUR MISSION

Our mission is to empower communities and non-governmental organizations (NGOs) with the resources to co-create a world where all basic human needs are met.

Clean Water. Education. Health

PROJECT FINANCIAL BREAKDOWN

PUOK DISTRICT

CAMBODIA

Our International partners conducted a field survey of three villages in Puok District; Dountro, Preah Angtong and Otabrak which were identified as the most vulnerable and despretly in need for clean water.

The field survey was designed to identify where the 115 BioSand Filters should be installed in order to address the needs of each village.

DUONTRO VILLAGE

Families in Duontro village face many challenges including access to clean safe drinking water, access to a latrine and secure housing with many houses constructed of simple or salvaged materials. We were able to provide the 25 Families in the village with 30 BioSand Filters. Children now can attend school without the fear of getting sick from easily preventable waterborne diseases.

DUONTRO VILLAGE

PREAH ANGTRONG

Our team has identified 44 families in Preah Angtrong in Pouk District living in extreme poverty, in the village there is one primary school for children in the village but no health center. The villagers were taught how to use the BioSand filters & also the importance of having clean, safe water for the children.

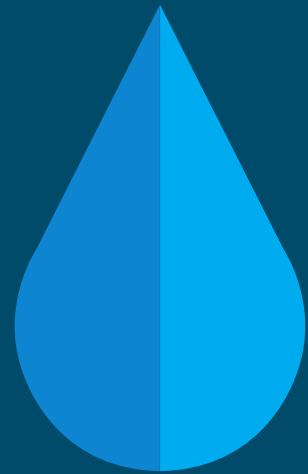

PREAH ANGTONG

BioSand Filters ready for delivery

ITS ALL CONNECTED

EDUCATION

HEALTH

OTABRAK VILLAGE

The livelihood of many of the villagers in Otabrak village is difficult with the government identifying 28 families as ID poor indicating they are living in poverty. There are no schools or a health center in the village.

FKC SCHOOL

Future of Khmer Children School opened its second location spring of 2017 PH8 Foundation has partnered with the school to fund a filtration system to provide clean, safe drinking water & sanitation for 200+ children. We are excited to be able to expand

**CLEAN WATER, IS A HUMAN RIGHT
NOT A LUXURY**

HOUSTON TEXAS EMERGENCY RELIEF

We teamed up with ReLEntless Defenders and helped demolish homes that were extremely damaged due to the flooding. After we traveled to local shelter in the city of Houston and spent two days there and gave them a hand there.(ReLEntless Defender is a police veteran owned clothing company that's dedicated to providing the highest quality police apparel for those who protect and serve. Their mission is to to support law enforcement charities across the country.)

AWESOME FRIENDS THAT HELPED OUR 2017 FUNDRAISERS KICK BUTT!

WE HAVE STARTED THE PROCESS OF EDUCATING PEOPLE OF KOUK PNAO VILLAGE, PROJECTS WILL BE ONGOING INTO 2018

Projects Going into 2018

213 Students of Peung Tanon Primary school have access to water supply systems.

Brand new latrine for students.

150 BioSand Filters distributed to families in need.

Beneficiaries have access to 60l of safe drinking water per day.

Improved knowledge on hygiene and sanitation practices.

THANK YOU TO ALL OF OUR WONDERFUL DONORS & SUPPORTERS

*WE LOOK FORWARD TO
CHANGING THE LIVES OF
OTHERS, SIDE BY SIDE.*
